HAKEEM P A

Senior Frontend Engineer | Angular, TypeScript, RxJS | 9+ Years

Kodungallur, Kerala, India | +91 9567888835 | hakeempazhu@gmail.com | linkedin.com/in/hakeempa

PROFESSIONAL SUMMARY

Senior Software Engineer with 9+ years of experience building responsive, scalable single-page applications (SPAs) with Angular, TypeScript, JavaScript and RxJS. Delivered enterprise and SaaS web applications for international clients in healthcare, clinical education, memorial safety management and e-commerce, using PrimeNG, Kendo UI, NGXS state management and REST API integration. Applies AI-assisted development (Augment Code, Azure OpenAI, prompt engineering) to ship faster, and brings clear communication from a web development trainer background to cross-functional Agile/Scrum teams.

TECHNICAL SKILLS

Frontend: Angular, TypeScript, JavaScript (ES6+), RxJS, NGXS, HTML5, CSS3, SCSS, Bootstrap 5, PrimeNG, Kendo UI, Storybook, Vue.js, jQuery, AJAX

Architecture & Practices: Single-Page Applications (SPA), Component-Based Architecture, Reusable UI Components, State Management, Responsive Web Design, REST API Integration, Agile/Scrum, Debugging, Code Refactoring

AI-Assisted Development: Augment Code, Azure OpenAI, Prompt Engineering

Backend & Platforms: Node.js, Express.js, PHP, CodeIgniter, C#, .NET Core, Magento, WordPress, OpenCart, Salesforce

Databases & Tools: MySQL, SQL, Git, Azure DevOps, Docker, Jira, SVN, Linux (Ubuntu)

Domain: Healthcare IT, FHIR, Clinical Education, E-commerce, SaaS, SEO

PROFESSIONAL EXPERIENCE

Software Engineer May 2019 – Present

Vofox Solutions Pvt. Ltd. | Kochi, Kerala, India

- Build and maintain responsive single-page applications for international clients using Angular, TypeScript, JavaScript, RxJS, HTML5 and SCSS.
- Develop reusable UI components with PrimeNG, Kendo UI and Bootstrap 5, documented in Storybook, to keep interfaces consistent and maintainable.
- Manage application state with NGXS and reactive data streams with RxJS; integrate Angular front ends with REST APIs and Node.js/Express.js services.
- Apply AI-assisted development (Augment Code, Azure OpenAI, prompt engineering) to accelerate feature delivery, debugging and code refactoring.
- Collaborate in cross-functional Agile/Scrum teams using Jira, Azure DevOps, Git and Docker, troubleshooting issues from development through release.

PHP Developer Sep 2018 – Apr 2019

Reubro International | Kochi, Kerala, India

- Developed and maintained PHP and MySQL web applications with CodeIgniter and Smarty, including their HTML5, CSS3 and jQuery front ends.
- Built and customized CMS and e-commerce sites on WordPress, Magento and OpenCart, using JavaScript and AJAX for dynamic pages.

Web Developer / Trainer Sep 2017 – Aug 2018

Axmor Technologies Pvt. Ltd. | Kochi, Kerala, India

- Developed responsive websites and web applications using HTML5, CSS3, Bootstrap, JavaScript, jQuery and PHP.
- Trained and mentored trainees in web development fundamentals, including HTML, CSS, JavaScript, PHP and MySQL.

Internship Programmer Aug 2017 – Dec 2017

Kerala Institute of Local Administration (KILA) | Thrissur, Kerala, India

KEY PROJECTS

Harris Health Arc Platform | Connected health record (CHR) platform harrisarc.health

Role: Software Engineer | Tech: Angular, TypeScript, PrimeNG, Node.js, Express.js, Docker, Augment Code

- Developed Angular and PrimeNG front-end features for a next-generation connected health record platform designed with clinicians to reduce complexity and support confident clinical decisions.
- Worked alongside Node.js/Express.js services in Docker-based environments, using Augment Code for AI-assisted development.

SAMM Safety | SaaS for memorial safety and maintenance sammsafety.co.uk

Role: Developer | Tech: Angular, TypeScript, SCSS, Bootstrap 5, Kendo UI, C#, SQL

- Developed Angular and Kendo UI interfaces, styled with SCSS and Bootstrap 5, for a SaaS platform that helps stakeholders manage the safety and maintenance of memorials (C# backend, SQL database).

Medtrics | Clinical education web app medtricslab.com

Role: Senior Frontend Developer | Tech: Vue.js, HTML5, SCSS, Python/Django, PostgreSQL

- Built the Vue.js, HTML5 and SCSS front end of a unified clinical education platform that helps medical residency programs manage training, working against a Python/Django and PostgreSQL backend.

DShop | Australian e-commerce store dshop.com.au

Role: Developer | Tech: Magento, PHP, MySQL, HTML5, CSS, JavaScript

- Developed and customized a Magento online store for miscellaneous products, building storefront pages with HTML5, CSS and JavaScript on PHP and MySQL.

EDUCATION

Master of Computer Applications (MCA) 2014 – 2017

Government Engineering College, Thrissur, Kerala | Score: 72.3%

Bachelor of Computer Applications (BCA) 2011 – 2014

M.E.S. College Marampally, Aluva, Kerala | Score: 66.2%

CERTIFICATIONS

- **Salesforce Certified Associate** | Salesforce, Inc. | Feb 2025 | Credential ID: 5780404
- **Fundamentals of Digital Marketing** | Google | Feb 2019 | Credential ID: DF6 BAQ PE3
